

BULLOO SHIRE COUNCIL ROAD CONDITION REPORT

Page 1

As at 14 August 2025 – 2.00pm

Roads controlled within the Bulloo Shire are to the shire boundary. Please visit the Disaster Dashboard to access other information <https://dmdashboard.bulloo.qld.gov.au/>.

Our road network sustained significant damage during the March 2025 Flooding and Rain Event. We urge all road users to exercise caution when travelling on open roads, as conditions may still be variable in some areas.

Council has completed a full inspection of the road network and undertaken approximately 90% of the Emergent Works required to make all roads trafficable. We are currently preparing submissions to the Queensland Reconstruction Authority (QRA) for restoration and betterment funding.

You may encounter contractors undertaking both QRA Emergent Works and 2024 REPA restoration activities across the network. These essential works are part of our ongoing efforts to ensure road safety and restore full access for all users. We thank you for your continued patience and understanding as we progress through this important recovery process.
